

## STATE SENATOR DARRIN CAMILLERI

PROUDLY SERVING SENATE DISTRICT 4

## INVESTING IN *Michigan Students*

As Chair of the school aid budget committee in the Michigan Senate, I'm committed to providing public schools with the funding and resources they need. Education isn't partisan, and I'll continue working across the aisle to deliver an education agenda that puts kids, families, and teachers first.

- ✓ *Maintaining free breakfast and lunch for all students*
- ✓ *Raising per-pupil funding*
- ✓ *Investing in school safety, mental health resources and school infrastructure*
- ✓ *Lowering class sizes and increasing teacher pay*

“As legislators, we have a responsibility to ensure that every student receives the safe, supportive, high-quality education they deserve.”

— Sen. Darrin Camilleri

A PLAN TO PROTECT OUR COMMUNITIES FROM

# *Out-of-State Trash & Hazardous Waste*

I introduced Senate Bills 246 and 247 to keep our neighbors safe from an unmitigated flow of dangerous, imported waste.

- ✓ *Moratorium on new or expanded hazardous waste sites*
- ✓ *New siting requirements to keep disposal sites away from homes, schools and population centers*
- ✓ *Increased fees to fund emergency response, landfill redevelopment and local government*
- ✓ *Cap on overall hazardous waste disposal*

Prompted by attempts to bring hazardous and radioactive material into Southeast Michigan, these reforms ensure stronger safeguards for communities in the Great Lakes State.
