## *Redesigning Safe and Walkable Streets*

Championed funding for Detroit and the Grosse Pointes to co-design a future for Mack Avenue, including green design, pedestrian-friendly corridors, and mixed-use zoning.

Secured resources for the Vernier Road project in Grosse Pointe Woods, redesigning a safer route for students.

## *Creating New Community Greenspaces*

Successfully secured funding for a pocket park in Harper Woods, giving young people the opportunity to have a neighborhood park within walking distance from where they live.

# NEARLY \$100 MILLION SECURED *for Clean Water Infrastructure Projects*

In the Michigan Senate, I have the honor of representing the entire United States shoreline of Lake St. Clair. From Grosse Pointe to Harsens Island — Lake St. Clair binds each and every one of our communities together, serving as the foundation of our economy while providing fresh drinking water and unmatched recreational opportunities. **Protecting the lake for current and future generations is a responsibility I take seriously.**

## Fighting to Protect Lake St. Clair

Scan the QR code with your phone to learn more about how we're making investments in your community to protect Lake St. Clair.
