## *Securing the Future of Selfridge*

Secured tens of millions of dollars to upgrade the infrastructure at the Selfridge and position the base for a future fighter mission. Thanks to these investments, the base has been awarded new refueling and new fighter missions, securing it's future — while protecting the over \$850 million in annual economic activity Selfridge generates.

## *Building Safe Communities*

Championed funding for a new central intake and mental health unit at the Macomb County Jail. Once complete, the new jail is set to become a national model on how to keep our communities safe, while ensuring the needs of our most vulnerable and underserved are met.

## *Expanding Access to Early Childhood Education*

Successfully secured resources for the Lake Shore Early Childhood and Community Center, allowing the school district to expand their early childhood center, while also adding community and adult education spaces.

# NEARLY \$100 MILLION SECURED *for Clean Water Infrastructure Projects*

In the Michigan Senate, I have the honor of representing the entire United States shoreline of Lake St. Clair. From Grosse Pointe to Harsens Island — Lake St. Clair binds each and every one of our communities together, serving as the foundation of our economy while providing fresh drinking water and unmatched recreational opportunities. **Protecting the lake for current and future generations is a responsibility I take seriously.**

## Fighting to Protect Lake St. Clair

Scan the QR code with your phone to learn more about how we're making investments in your community to protect Lake St. Clair.
