## *See How Much You Can Save*

Between groceries and gas, child care and doctors' visits, the cost of living adds up really quick. As folks face these high costs and economic uncertainty, Michiganders need real, immediate relief. That's why I've been laser-focused on giving families a little extra breathing room in their budgets.

**One of the first actions I took in our Senate Majority was to pass the biggest tax relief initiative Michigan has seen in decades, which cut taxes by \$1 billion** by repealing the retirement tax and expanding tax credits for working families. But we didn't stop there! See how these efforts and more translate into dollars saved on your taxes this year.
