Support for Education & Educators

MI Student Aid

Filling out your Free Application for Federal Student Aid (FAFSA) can save you thousands of dollars a year off the cost of community, private, or public college. You can unlock grants, scholarships, and other assistance to put you on the path to higher education right here in Michigan.

One of the new ways you can save money is through the Michigan Achievement Scholarship, a bipartisan scholarship established to lower the cost of community, private, or public college by thousands of dollars a year — up to \$27,500 over five years — for most graduating seniors. All you need to do to qualify is fill out your FAFSA — that's it. Visit [FAFSA.gov](https://fafsa.gov) to fill out your information.

In addition to filling out your FAFSA, students can apply for grants and scholarships through the MI Student Aid's website. Visit Michigan.gov/MISSG to access your MI Student Aid Portal.

Expansion of the Student Teacher Stipend

This session, one of my colleagues introduced Senate Bill 83, which would help combat the ongoing teacher shortage Michigan is facing by expanding the MI Future Educator Student Teacher Stipend to include preschool teachers. Currently, preschools that are unaffiliated with school districts such as the Great Start Readiness Program (GSRP) or public universities such as campus early childhood centers, are ineligible for the stipend. This stipend currently provides up to \$9,600 per semester for full-time, unpaid student teachers. My colleagues and I worked together to pass this bipartisan legislation unanimously in the Senate.

Since its Senate passage, these bills have been referred to the Michigan House of Representatives.

Stopping for School Buses

With students back to school, we'll be sharing the road with school buses again. To ensure you and others remain safe, take note of the lights school buses are showing. Yellow lights on school buses activate when preparing to stop. Red lights and the stop arm are activated when the bus is stopped and allowing passengers to get on or off. Here's a reminder on what to do when a school bus stops on different road types.

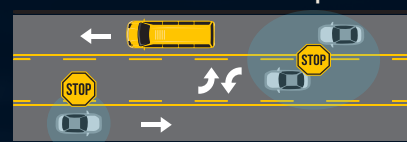

TWO-LANE ROADWAY

When a school bus stops for passengers, all traffic from both directions must stop.

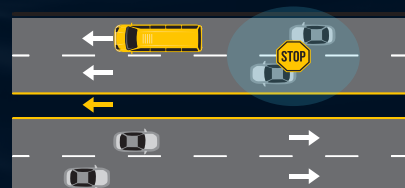

MULTI-LANE ROADWAY WITH A CENTER TURNING LANE

When a school bus stops for passengers, all traffic from both directions must stop.

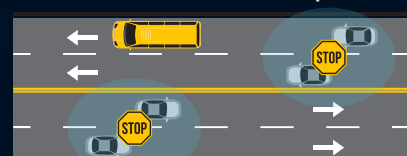

DIVIDED HIGHWAY OF FOUR LANES OR MORE WITH A MEDIAN SEPARATION

When a school bus stops for passengers, only traffic following the bus must stop.

FOUR-LANE ROADWAY WITHOUT A MEDIAN SEPARATION

When a school bus stops for passengers, all traffic from both directions must stop.
